Tools & Platforms	Git, GitHub, VS Code

PROJECTS

EduPath Navigator – AI Career Guidance Platform([Visit](#))

[GitHub](#)

Tech Stack: Next.js, TypeScript, Firebase, Google Genkit, Tailwind CSS

- Developed an AI-powered career guidance platform recognized at Smart India Hackathon 2025
- Generated personalized career recommendations based on user inputs using AI techniques
- Built a responsive web interface and integrated Firebase for secure user authentication and real-time data storage

AI Resume Analyzer

Tech Stack: Python, Streamlit, NLP (spaCy), Scikit-learn

- Built an AI-based tool to analyze resumes and provide skill-based feedback and improvement suggestions
- Implemented NLP techniques to extract keywords and match them with job descriptions
- Developed a simple web interface using Streamlit for real-time resume analysis
- Generated insights on missing skills and optimization tips for better job alignment

EXPERIENCE

AI Intern (Remote) – Launched Global

Jun 2025 – Aug 2025

- Contributed to development of Python-based AI applications
- Implemented basic recommendation algorithms for user personalization
- Assisted in data preprocessing and model testing.

ACHIEVEMENTS

- Winner – Smart India Hackathon 2025** (National-Level). [Link](#)
- Awarded **Best Idea Presentation** at a National Level Symposium.
- Secured 4th Place – Internal College Hackathon 2025.
- Awarded Gold Medal – **Best Performer of the Year 2025**(College Level) for Overall Contribution. [Link](#)

POSITIONS OF RESPONSIBILITY

Core Member – IEEE SMC Club

Jan 2026 – Present

- Organized technical workshops and student events
- Assisted in planning and coordination of club activities
